

The Member Evidence Clause

The Member Evidence Clause ensures that our membership within our Targeted markets are properly represented as a flag ship Alliance Partner and offered Options to participate in Rewards with Benefits within various programs.

In concert with IJJC assurances we have provided every measurement to save guard the Alliance Partner interest, while partaking in using the services offer by eCETP and IJJ Corporation.

Alliance Partners are enrolled in one of the Categories:

There are two distinct and separate rewards and benefits packages offered to each group:

1. Nonprofit organization that are tax exempted
2. For Profit organization and entities required to pay taxes

Various options are provided with preset pricing designed to produce calculated earning as cash contributions.

The Donation is a self-service intuitive ecosystem offering 365 days, 24-hour access to conduct unlimited donation contribution campaigns independently.

The Enrollment Requirements:

The Membership enrollment process is an Alliance Partner application approval process. The approval process has measurable acceptance criteria's to be met.

1. Must meet the Member Evidence Clause,
2. Business or entity registration in a states' office of taxation as the business's domicile,
3. Proof of management control, and
4. Open a Donator Backer account to process your first \$50 On-Demand Order.

General Terms and Condition for Nonprofit Entities:

Government and Non-profit Organizations	Once approved the Alliance Partner is granted access to the Donator Backer module. The training period is 2 to 4 days to setup and provision resources in preparation to process the first On-Demand Order.
	Training also includes a 7-day trial run of a live donation to learn how to deploy a Donation Contribution campaign, including using the primary features to collect donations using various option plans with rewards and Benefits.
	Before considering joining a private self-sponsored donation campaign you must have existing members as donation subscribers. IJJC is not providing donators nor making any guarantees for funding.

Inclusion in Benefit Programs	Recommend considering reserving 20% cash earning to participate in investing in your Donor to create self-funding repeatable donations and to participate in the Deposit conversion program.
The 20/60/40 Option plan:	The Donor realizes that the Nonprofits have operating expenditures, thus they can option to participate in the 20/60/40 option plan. With a preset starting level at \$40 for the donation contribution, where 60% or \$24 is the donation to a selected non-profit and 40% or \$16 as the contribution

Controlling Funding Raised	IJCorp is providing the Software as a Service (SaaS) as the Donation Platform. We will not collect or handle donations deposits. All donor donation is redirected to the sponsor banking account of choice. At year end a 1099 form is provided compiling the prior quarterly reports with the last quarter reporting period.
	For Non-Cryptocurrency users, if desired eCETP will generate a paper wallet, which is used commonly throughout the Cryptocurrency industry. The Paper Wallet provides your security and secret keys for control of your purchased ERC-777 tokens in the trading board and purchase IJJ Tokens in the open exchange marketplace to fulfill DBP independently of IJJC available inventory of ERC-777 or ERC-223.

General Terms and Conditions applicable with For Profit and Group/organizations. The Alliance Partner approval process has measurable acceptance criteria's to be met for approval:

For Profit and LLC, LL, Self-Proprietor	Once approved the Alliance Partner is granted access to the Donator Backer module. The training period is 2 to 4 days to setup and provision resources in preparation to process the first On-Demand Order.
	Training also includes a 7-day trial run of a live donation to learn how to deploy a Donation Contribution campaign, including using the primary features to collect donations using various option plans with rewards and Benefits.
	Before considering joining a private self-sponsored donation campaign private only to your existing members or donation subscribers. IJCorp is not providing donators nor making any guarantees for funding.

	<p>The exception to For-Profit organizations only the Contribution feature of the SaaS, is applicable. All transactions are recorded as a contribution or gift and not as a donation.</p> <p>As an Alliance Partner it's best to provide fund raising in concert with receiving a contribution as working capital or within the framework of Granting to Charity Event or donating to non-profit foundation or non-profit organizations, such as a church, or non-profit entities in general.</p>
